

E. I. de Laveaga Challenges Zoning Proposals of Orinda Association

In a strongly-worded letter to the County Planning Commission, E. I. de Laveaga has challenged the Orinda Association's proposals for the rezoning of his property.

The letter from the pioneer Orindan was written early last month after the Orinda Association's community meeting at which time the findings of the Association on zoning matters were presented.

"You will shortly receive from the so-called Orinda Improvement Association a resolution purporting to be expression of opinion of the people of Orinda," Mr. de Laveaga wrote.

"Please take same with a grain of salt — better make it a whole sack of salt — because this resolution merely expresses the wishful thinking of a high pressure group . . . which had a star-chamber meeting to which the subdivisions . . . were not invited to be present. Let's call this latter class agriculturists," Mr. de Laveaga wrote.

The rest of the letter, in part, reads as follows:

It is true that a general meeting of this association was called.

The facts about this meeting are as follows: For two solid hours, nothing but residential subdivision lots were discussed. At ten o'clock, when everybody was tired and wanted to go home, one of the agriculturists got up and asked for a discussion of the agricultural phase of the problem. He received two minutes, quite a contrast to the two hours allotted to the residential phase of the discussion. Business property possibly got four minutes.

Judge from these facts if this resolution is a fair cross-section of the wishes of this locality. It is true that the so-called Improvement Association passed the resolution of the "star-chamber committee" after the uneven discussion of the subject just recited.

The writer of this letter represents 426 acres of land, owners whose acreage is used now for pasturage only. The Assessor classifies it as agricultural land, the cows and horses call it the same, but the pressure group wants to classify it as 1/2 acre subdivision.

Please don't christen the child before it is born. You still have the power of subdivision classification when the plans are submitted to you. You lose nothing—we lose all. How long do you suppose we will continue to be assessed as agricultural land when we are designated residential by a public body of the same Contra Costa County.

I understood that the East Bay Municipal Utility District is willing to have its land classified as residential. This was expressed by the one member of said district who was present.

I do not know if he had the authorization of his Board of Directors, but I am going to find out. Think for a moment. What has the Utility District to lose? Its lands are not for sale and anyway it does not pay one cent of taxes.

Someone from the Moraga Company was there but I heard no ex-

pression of opinion as to their lands, although used entirely for agricultural purposes but they are to be classified as Residential Subdivisions. Anyway, the Moraga property is not so situated as our lands here.

Ours are all steep and rolling hillsides running from an elevation of 400 feet to 1900 feet in less than two miles. Even the cows have trouble hanging on in some places, but the Association says it is a subdivision.

In closing let me say that perhaps this letter is premature that the writer should marshal his forces for the meeting before the Board of Supervisors (which, if I am alive, I will certainly attend and I won't be alone because I hope to have the Utility District and the Moraga Company with me in the final discussion).

I am anxious that you should evaluate the so-called motion of the Orinda Improvement Association for what it is worth which, as I said before, was the wishful thinking of a special group who have only their selfish interests at heart, not the point of view of the agriculturists, or for that matter, even the development of Contra Costa County which, if I do say so myself, some of us did a pretty good job which has stood the test of some 26 years when this section of the country was truly a cow pasture.

Very truly yours,
(Signed)
E. I. de LAVEAGA

Orinda Nursery Plans Benefit Party in Spring

The March meeting of the Orinda Cooperative Nursery was held at the home of Mrs. E. L. Barges. The nominees selected at this meeting for the coming year's officers will be voted on at the next monthly meeting.

The plans for the annual spring benefit party were discussed. The party will be a Dessert Bridge with a fashion show, to be held May 19 at the home of the general chairman, Mrs. W. K. Lamb.

It was announced that there would be 80 tables with the tickets first being offered to the mothers. The proceeds will be used in the usual way — to buy new equipment for the nursery. A change of mailing address was also announced: Box No. 1, Orinda.

Van Tassel Blasts at Cummings In Opening Supervisorial Campaign

The third candidate to toss his hat into the ring, Raymond Van Tassel of Alamo and Danville today announced he will campaign for election as supervisor from this district. (Van Tassel's decision to enter the race was reported exclusively in last week's Sun).

Van Tassel issued the following statement: "The tremendous increase in population in the southern part of the Second District justifies a change in the supervisor's post which has been held uncontested by Jack Cummings of Crockett for 12 years.

CHARGES FAILURE

"It is the time-honored custom of the venerable Board of old Supervisors to refer the matters pertaining to each district to the supervisor in that district. Therefore it has been Cummings alone who has been responsible for the failure of the Board to act on matters of slum clearance, road improvements, fire protection, traffic problems, and public improvements which have been consistently ignored in the southern part of the District during the years that Contra Costa has grown from twelfth to fifth in population among the counties of the state," Van Tassel stated.

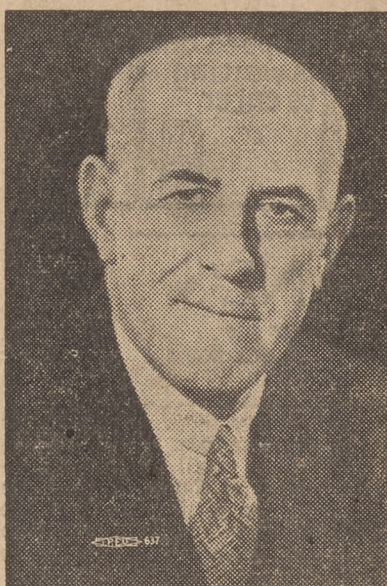

"While attending to his private electrical contracting business in Crockett, the incumbent, who is registered as a Democrat, has ignored appointments with property development engineers, refused to consider or failed to complete plans for protective fire trails and has generally indicated by his attitude that his principal interests lie elsewhere than in the problems of Orinda, Moraga, Lafayette, Alamo and Danville."

ELECTION YEAR!
"However, now that it is election year Mr. Cummings is showing considerable interest in the clubs, associations and public meetings throughout this district. We like him personally and are pleasantly surprised at the frequency of his sudden unexpected

H. L. "JACK" CUMMINGS, incumbent supervisor from this district, announced his candidacy for re-election today.

Robert Condon, of Walnut Creek, who last week announced his candidacy for state assembly.

Jack Cummings Seeks Re-Election To County Board of Supervisors

H. L. Cummings, better known as "Jack," today announced his candidacy for re-election to the Contra Costa Board of Supervisors from the Second District.

Supervisor Cummings, a Crockett electrical contractor, has represented this district for going on 16 years, four straight terms.

Until this year, he has never been opposed for the office.

The following is a statement Cummings addressed to the citizens of the area:

On January 3, 1949, my term as the Second District member of the Contra Costa County Board of Supervisors will expire. I will then have served for 16 years as your supervisorial representative.

REPRESENT ALL

At all times I have used my best endeavors to be the representative of the entire district . . . not the representative of any particular area. I am sure that localized representation for any area was not in the minds of the citizens of the district, when, on four occasions, their suffrage entrusted to me their representation on the Board of Supervisors. I hope that their opinions and their expectations have been justified.

I have attempted, always, to represent the district as a whole, rather than in segments, but I

have attempted, too, to give assistance in problems that have had purely local aspects.

With this in mind, may I respectfully inform you that I will again be a candidate for the high office of Supervisor of the Second District at the election to be held June 1.

'NOT PERSONALITIES'

In again submitting my candidacy, I do so with full recognition there may have been times that decisions of mine have not coincided with the views of some of my constituents. But, I am sure any of these will accord they were due to honest convictions and differences of opinion and not to personalities.

The last few years have witnessed residential and industrial growth in Contra Costa County unmatched in any comparable county in the State. This tremendous growth has brought complex problems and demands of which I am fully aware. They have, quite conceivably, greatly increased the duties of the Board of Supervisors.

Decisions must be made affecting the business, social and economic life of all of the people, and their property interests.

GREATEST BENEFIT

I feel sure that you will accord to me the determination that my actions and my course as a member of the Board of Supervisors have always revolved upon the principle of the greatest benefit for the greatest number of people.

It may be said by some that 16 years of service is sufficient tenure. It would seem pertinent that there be considered that the 16 years service is 16 years of schooling in government, 16 years of being familiar with all aspects of local government and contacts with other governmental agencies and that it is schooling for which the people have paid.

RECIPROCITY

Such knowledge as I possess of the people's interests and of their government I owe to them and from that schooling and experience they have a right to expect the honest and conscientious service that I have always endeavored to give, in return for the experience and the knowledge they have allowed me to acquire.

In announcing my candidacy for re-election I most gratefully acknowledge many proffered pledges of support. I hope I merit the support of old and new residents of the district, and that I may apply the experience I have been allowed to gain for the benefit of the whole district and the county at large.

Notice

No one is authorized to solicit advertising for the Lafayette Sun and Orinda Sun except the publisher, Herman Silverman. If in doubt, please call Lafayette 4452 or Orinda 2118.

Recently a salesman, asserting that he represents these papers, has sold advertising in the area under false pretense. He collected in advance, but has not been heard of since.

HOME FOR EASTER

Ross Wold, son of Dr. and Mrs. Alvin P. Wold of Miner Road, flew here for Easter vacation. He attends the Shattuck School in Fairbault, Minn.

Orinda Oaks Assoc. Sets Next Meeting for Tuesday Evening

Orinda Oaks residents are urged to attend the next meeting of the recently formed Orinda Oaks Association on Tuesday evening at the Orinda Firehouse at 7:45 p.m.

On the agenda are further discussions of organization plans and course of action. Supervisor Jack Cummings will be present. He has arranged for representatives of the County Health Dept., County Road Dept., and the County Mosquito Abatement District to present the findings of their recent surveys of the tract.

At the first meeting of the group recently at the home of Bruce Howard, 50 Stanton Street, a surprisingly large group of enthusiastic oldsters (and a couple of not-so-enthusiastic youngsters) gathered to discuss the possibilities of

organizing an association. The meeting was attended by about fifteen property owners.

At the outset of the meeting, Bob Spott outlined the problems facing the homeowners which include: Building Restrictions, Traffic Hazards on the Highway, Street Improvements, Sewage Disposal, Mosquito Control, Mail Delivery, and School Buses.

Mr. Spott suggested that a neighborhood association of property owners be organized as a means of initiating action to solve these problems. The suggestion was approved by those in attendance, and thus the "Orinda Oaks Association" was born.

The officers and committees are: President, Bill Karr; Vice President, Bruce Howard; Secretary, Caroline Catherall; Treasurer, Margaret Beall.

On the Membership Committee are chairman Ross Beall, Jeanette Howard, Dorothy Spott, Helen Rankin and Virginia Young. On the Steering Committee are chairman Verne Harrison, Jack Reilly, Bob Spott, and Don Rankin. On the Publicity Committee are chairman Wally Riddell, Forrest Honnold, and Bruce Howard.

On Saturday, March 13, Bill Kar, Cole Huntly, Bob Young and Bob Spott called upon Mrs. Nora Murphy, the Tract Subdivider and Declarant of Restrictions. Mrs. Murphy expressed a keen interest in the new organization and expressed her desire to cooperate in every way possible.

Directors Added To Health Board

Two new members from Orinda have been added to the board of directors of the Contra Costa Public Health Association.

They are Mrs. Ernest Spiegl and Mrs. B. O. Wilson. Mrs. Jack Pedder and Mrs. George Vurek have been serving on the board for the past year and will continue for one more year.

Mrs. George Vurek has been selected to be one of the four delegates to represent Contra Costa County at the annual convention held by the State Tuberculosis and Health Association held this year at Long Beach in April.

Country Club Plans Egg Hunt

The Orinda Country Club will hold its annual Easter Egg Hunt for the members' children Monday from 2 'til 5 p.m.

The colored eggs will be hidden on the golf course and the various Easter games will be played on the lawns. There will be prizes for the children and refreshments for all will be served during the festivities.

SEAFARERS MEETING

The Seafarers met Tuesday evening at the home of the Tom Meakens, 33 La Noria. In spite of the stormy evening 22 members and friends were present. After dessert was served, all enjoyed the program of group singing, identifying famous quotations on immortality, and listening to records of fine sacred music. Mr. Fred Morrow acted as master of ceremonies.

Easter Music by Large Mixed Choral Group to Accompany Sunday Service

Easter music by the largest and finest mixed choral group ever gathered in Orinda, hundreds of Easter blooms decorating the great altar, the music of Virginia Baker at the Steinway and Martha Williams' silver trumpet, the worship leadership of Orinda's Community Church pastor, Rev. Fred Morrow—these are some of the features which will combine with the spirit of the day to attract an expected capacity congregation to the traditional Easter morning Community Service at the Orinda Theatre at 10:30 Sunday. This is to be the fourth such Service to be held under the hospitality of the theatre.

Climaxing a series of sermons on the post-resurrection appearances of Jesus, the Rev. Mr. Morrow will speak on the theme, "To Me Also". As her prelude numbers Mrs. Baker will play the Chorale from "Sleepers, Wake!" by Nicolai, "With Verdure Clad", by Hayden, and Gounod's "Unfold, Ye Portals". This music will begin at 10:15. She will play Gaul's

"Adoration" from "The Holy City" as an Offertory and for the postlude, "See the Conqu'ring Hero Comes", by Handel. In addition to choral music incidental to the Service, numbers by the choir are to include "Gloria from Twelfth Mass" by Mozart, "Alleluia, Christ is Risen", by Kopyloff, "Beautifful Savior", by Christiansen, and "Ballad of the Trees and the Master", by Matthews. Congregational singing will be aided by the leadership of Mrs. Myron R. Williams, trumpeter.

Setting for the service is in the charge of Mrs. A. D. Blalock. Senior Deacon Stanley M. Hudd will care for ushering with his staff. New choir gowns have recently been purchased by the church and will be used in the Easter Service.

Children of school age attend the Service with their parents. Smaller children may be left to be cared for at the new church building. No session of the Sunday school will be held Sunday.

Democrats Grin At GOP Troubles

Although Lafayette, Orinda and Central Contra Costa County is known as the Republican stronghold of the county, democrats hereabouts learned of an incident last week that furnished them material for a good laugh.

The County's Republican Assembly, the nucleus of which is in this area, sent out some 400 notices to members to attend an important meeting March 18 in the Lafayette Town Hall.

The meeting was adjourned shortly after it began by vote of the FIVE Republicans present.

Mrs. Peg Winters' Piano Recital Set for April 25

Mrs. Peg Winters announced that her annual pupil's piano recital will be held at the Orinda School on Sunday afternoon April 25 at four p.m.

Mrs. Winters cordially invites everyone to come to hear the 21 young people who have been working diligently for many months on their various selections of piano music.

P. O. Box 806, Lafayette

P. O. Box 147, Orinda

Entered as second-class matter June 17, 1943, at the post office at Lafayette, California, under the Act of March 3, 1879. Printed at 1 Moraga Road, Lafayette.

Captain Sandford Sez:

I wonder if Got Rocks Gordon would lend me a jagged rock to carry when I ride my horse.

I could toss it with easy nonchalance through the roof of one of these automobiles whose owners choose to skim past me with an inch clearance, meanwhile yelling and sounding their horns. Perhaps I could return the rock to Got Rocks when it had served its purpose.

Left-hand turns in the middle of the block are illegal, dangerous, and I think kind of silly, don't you?

The whole-hearted cooperation shown by many of our local people to the P. G. & E. Company's request for power conservation was really great — period! Comma? I mean question mark!

Thousands of potential murderers (licensed by the State of California) are tearing about our highways in automobiles, ready, almost gasping, for the kill.

Tens of thousands of our citizens are being deprived of their loved ones and bread earners each year.

There is only one real reason for this, our legislators are gutless and unwilling to make real laws with teeth in them to abolish this awful menace.

A lady friend of mine who lives in Happy Valley told me that she would like to patronize the Penny Saver Market, but cannot do so, because, when she endeavors to drive from the Lower Happy Valley Road across the highway to the market the hazard of impending catastrophe is greater than she cares to face.

EVEN AT CARMEL!

Even if it rained all the time, the Vance Reynolds said they enjoyed their recent week end visit to the Carmel Valley Inn.

IN THE DEEP SOUTH

Mrs. Wynn Barber will return tomorrow from a five day vacation in Los Angeles. She stayed at the Hotel Knickerbocker.

RIGHT-OF-WAY AT STOP STREETS

AUNT JANE'S Korner for Kids

Well girls, the Doll Story Contest is over.

Jackie Lloyd and Marilyn Montgomery each have a new doll to add to their families. Jackie won first prize with the best story on "My Favorite Doll" and Marilyn won second prize with the best story on "My Puppet."

Aunt Jane would like to have dozens of prizes for all the lovely stories which were turned in. Those receiving Honorable Mention were stories by Lynn Hail, Andrea Babcock, Joan Hail, and Jackie and Helen Warren.

Are you all set for that Easter Bunny that's been sniffing around looking for a good place to hide those beautiful colored eggs that will be so much fun to discover Easter morning? I understand he's thought up some pretty clever

spots to leave them so you'll have to be on your toes.

And then you'll be off to Sunday School, of course, to hear the inspiring story of Jesus and the faithful and loving Mary who were true friends when they were needed.

Easter is the day we can appreciate the message of spring which is brought to us by the blossoming trees and our green hills here in Lafayette and Orinda. Let us not forget the children of other countries who are not so fortunate as we who have new Easter outfits and a wholesome, nourishing meal waiting for us after Sunday School.

So, "Happy Easter" to all you boys and girls and I'll see you next week.

AUNT JANE

Girl Scouts Go On Nature Hike

Troop 32 of the Girl Scouts, under the leadership of Mrs. Everett Dempster went on a nature study hike Saturday over Moraga Ridge starting at Redwood Canyon.

On that same day, they sent a clothing kit for a ten-year-old orphan girl to the World Friends Committee. The girls had laundered and mended this clothing and added a few new articles they had purchased. This is their first contribution to the national effort of the Friends to clothe the destitute children of Europe.

They will next work on a layette for the same purpose. They recently sent a box to an orphan asylum in Karlsruhe, Germany where Orinda's Bill Koch has a sister, Helen, who is in charge of the kindergarten department. Mrs. Bumgarner's part of the troop will continue to send boxes to this orphanage.

CREMATION

New FREE Illustrated Book Gives
Interesting History and Modern Procedure

Answers questions
like these:

1. How does a Cremation Ceremony differ from Regular Burial Ceremony?
2. What famous Cremation Service took place in Canterbury Cathedral?
3. Does Westminster Abbey now refuse burial without cremation?
4. Why is it now preferred by so many of America's most famous people and their families?

Why this is
a Valuable Book...

1. It answers questions which you may have regarding Cremation.
2. With it you can discuss modern cremation informatively with your family and friends.
3. In your home library, you now can have the latest reference book of facts on the subject of Cremation.

The title:
"Why Mankind Is Returning to Cremation"

Orinda Mothers of Acalanes Parents Club Plan Benefit Food Sale

Orinda mothers of the Acalanes Parents Club is planning a Food Sale on April 3 between the hours of 9 and 5 at a counter provided by Ewart Phair at the Orinda Store in the Orinda Village.

According to Mrs. Jack Jansse, chairman for the event, delicious homemade pies, cakes, cookies, and candy will be available, contributed by parents of the high school students. The latter will benefit from the proceeds of the sale, which are to be used to provide two scholarships.

Mothers serving on the sales committee are Mesdames Jack Jansse, Leon Woolsey, Richard Laney and Emil Wickman. Assisting in arranging for contributions are Mesdames Andrew Blalock, C. B. Chantler, George Cockerton, Victor Cranston, Earl de Soto, William Fleager, Ralph Hall, Kendrick Morrish, Herbert Haworth, and Lindsey Spight. Publicity chairman is Mrs. Bion Atkinson.

Clayton Forms Farmers Grange

The people of Clayton Valley have formed a Farmers Grange Lodge, No. 734. It is the third Farmer's Grange Lodge in Contra Costa County.

The new Grange Lodge has 100 members. Officers were elected at a meeting March 16. Clyde Baker was elected Worthy Master; Mrs. Ada Tretty, secretary; and Constable Victor B. Chapman, lecture and publicity agent.

An open meeting is planned for March 30 in Clayton for Lodge Installation.

Your Garden IN LAFAYETTE AND ORINDA

BY
CONSTANCE HANSEN

Everyone, including the non-gardener, feels much better after the wonderful rains we've been having. I felt like joining in with the couple who ran a prayer of thanksgiving for the rain as an advertisement in one of the daily papers soon after the first showers fell.

There is nothing like a well-cared for lawn to give a look of spaciousness and a restful effect to the garden as a whole. Here's some material on putting in new lawns.

As soon as the soil is dry enough for working, it should be deeply dug and lightened with peat moss at the rate of one bale to 500 square feet of ground. The peat should be moist before adding to the soil.

HEAVY SOIL

If your soil is especially heavy or lacking in grit, it will help to add about two sacks of one of the pumice products along with the peat moss. Fifty pounds of a complete fertilizer can be applied at the same time, and as insurance against insect pests, 7 or 8 pounds of lead arsenate.

All these materials are applied in two installments, the first half being dug into the upper four inches of soil, while the second half is raked evenly over the surface. An alternative method of preparing the lawn surface and one used frequently in this region, is to simply cover the heavy soil with four to six inches of sandy loam, of the sort that is available locally, incorporate the peat moss, fertilizer, and lead arsenate in this layer, and then plant the grass seed. The soil underneath should be well cultivated before adding the sandy loam.

The area is then ready to be rolled. Use as heavy a roller as can be handled, level off the humps and fill in the low spots by raking or adding more soil, so the surface is graded evenly.

USE YOUR RAKE

After rolling, rake the finished surface and let it stand rough for three days. A better plan yet is to let it stand for three or four weeks, keeping it damp in the meantime, in order to sprout any weeds present in the top layer. Then sow the grass seed, usually at the rate of one pound per 200 square feet.

The seed mixture you choose depends on what sort of lawn you want and whether it is in the sun or shade. Your nurseryman will know which type to recommend, if you tell him your requirements. In any case use the best grade you can get.

For even seed coverage it is recommended to divide the lawn area up into small plots and sow a portion of the seed first one way, then the opposite, and at last across diagonally.

USE A PLANK

If you have to step on the prepared ground to rake it or sow

the seed, have a plank to stand on in order not to depress the soil unevenly. Chop lightly with the rake to bring the soil over most of the seeds, then broadcast a thin layer of screened peat moss over the area, and roll with a light-weight roller.

Finally moisten thoroughly with a fine spray, and see that the surface is kept damp in this way until the grass is well up. According to M. G. Kains in his little book, "Gardening Short Cuts," small animals can be kept off the newly seeded lawn by laying inch mesh chicken wire around the edges, as it hurts their feet to walk over it.

When the grass is three or four inches high, it can be mowed, but be sure to have the mower sharp and the blades set high. While the grass is young, it will need three or four soakings a week.

SPRING FEEDING

If you already have a lawn and have not yet given it an early spring feeding, cover it with a mixture of peat moss and bone meal and work it in with the back of the rake.

During the summer, fertilize each month with one of the complete fertilizers according to directions on the package, being sure to have the soil wet before applying the fertilizer, and to wash it off the leaves afterwards, in order not to burn the grass. In the fall give another top dressing of the peat and bone meal combination.

There is no substitute for a turf lawn, but if you want to use something like dichondra so as not to have to use a lawn mower, you will still be well-advised to use the same careful methods of preparation and fertilization recommended for grass lawns.

LEGAL NOTICE

Notice is hereby given to the electors of Acalanes Union High School District of Contra Costa

Do It Now

This is about your last chance to plant berry plants and grape vines. We have just received another shipment of new ever-bearing Indian Summer raspberries. We grew these last year and found them to be far better than other varieties.

Tip Of The Week

If you are planning a new lawn, give some thought to your selection of grass seed. Our ORNU mixtures are especially made and adapted to this area. We will gladly assist you in choosing the right one for your individual requirement.

Something New

Chemhex is a new chemical made up of the Gama Isomer of Benzene Hexachloride that will not only kill lawn moth but will rid your yard of ants and earwigs.

Orinda Cubs Start Baseball Season At School Grounds

Over 50 Cubs turned out for the first spring practice session of the Orinda Pack 32 Cub baseball team at the grammar school playground Saturday.

Returning veterans from last years team included Ed Neighbor, John Spiegl, Bob Neighbor, Raymond Orr, Tom Klement, Edward Lucas, John Conley, Peter Altieri, and John Winrod.

In addition to the first string a junior varsity team and a beginners team are planned so that as many Cubs as possible may play.

Cubmaster Charles Orr states that a very fine Diablo district league has been formed including Lafayette Walnut Creek, Ignacio, Pleasant Hill, Danville and Orinda Cub packs. The winner will retain for a year the beautiful perpetual cup donated last year and now held by Walnut Creek. Orinda was the runner-up in last years league.

A second practice tilt will be held Saturday, March 26 at 10 a.m. at the school grounds.

The Cub fathers are to play the Cub varsity April 3 and a prac-

Cub Circus Acts Were Successful

About 400 Orinda children, Cubs and their friends and parents attended seven circus acts last Friday at the Orinda Grammar School.

Each of the seven dens put on an act. In one act, the kids dressed up as trained seals, in another the kids impersonated trained dogs. Other skits included a tight rope walker act, sawing a man in half, a talking horse act and the man from Mars.

The Cubs made \$32 selling popcorn and candy. Over \$20 was taken in from the sale of tickets. The proceeds will go toward Pack 32's charity fund.

Those present felt that the success of the affair warranted making it an annual event.

MAKE HOME HERE

Mr. and Mrs. Charles J. Reymander arrived here Sunday from Manchester, Conn. They will make their home here with their daughters, Angela and Jennie, owners of the Village Kitchen.

tice game with Lafayette is scheduled for April 10. This should put the team in good shape for their first league game April 17.

Club Buys Piano, Radios for School

The stay-at-home party netted the mothers club enough money to purchase for the school 3 phonograph radio combinations and 1 piano. Everyone agreed that this is a painless way of raising money and quite successful too.

The next mothers club meeting will be in conjunction with the school pageant to be held in the evening on April 29. This will be a pageant of the United States written and directed by the teachers and students of the school.

The Spring Bonnet Tea will be held on May 4, Mrs. N. Clendenin announced.

1. Some of the busiest fellows in town... Pacific Telephone's installer-repairmen. For we're adding a lot of new telephones every day in the West. It's steady work. And the pay? Latest records show top rate men average about \$80 a week for 42 hours. The younger men graduate up to the \$80... according to experience.

3. Fun like this is more fun when your job's secure. And you can count on telephone work. There's a fine benefit plan, too, paid for entirely by the company. It covers sickness, accidents and death, and provides a helpful pension for retirement. There's nothing like the peace of mind a telephone job gives you...at work or at play.

2. If you became an installer you'd start, most likely, in a training school. With pay, of course...\$37 or \$38 a week. Then regular increases for eight years after you got on the job. You'd be given other training, too...to help you learn your way up the ladder. Most all the top men in the company came up that way.

4. Telephone jobs must be good jobs to attract the capable people needed to furnish good service. Good pay, steady work and an employee benefit plan give a strong sense of security. Comfortable surroundings, vacations and friendly fellow workers help make work pleasant.

Acalanes Nine Takes Season Opener 3 to 0 Against Diablo Red Devils

The Acalanes Dons were off to a flying start when they downed their traditional foes, the Diablo Red Devils, in the opening league baseball contest.

The game initiated the new Diablo diamond in grand style, as far as the Dons were concerned, with a 3-0 win for the Blue and White.

JOHNSON STARS

"Fireball" Dave Johnson proved to be outstanding as he worked a smooth game on the mound with a fine display of early season form to set the Concord lads down with two singles while going the route

and collecting 13 strikeouts as a memento of the occasion.

To add insult to injury Dave drove in two runs in the sixth when he hit a sharp single to right field with two down and the count two and three.

OTHER BINGLES

Bernie Nelson, Claude Bolender and Andrew Jarvis hit singles while Dick Green hit two for three to gather top hitting honors.

The win puts the Dons in top spot along with Antioch who downed Alhambra in an upset by a 3-1 count. Crockett vs. Pittsburg was postponed due to wet grounds.

Festival of Flowers and Fashions To Be Held April 20 by Walnut Branch

Mrs. Dana Hamlin and Mrs. Charles Williams of Lafayette are among those appointed to assist Mrs. Owen L. Williams, general chairman for the Festival of Flowers and Fashions to be held at the

Walnut Creek Art and Garden Center on April 20.

This event is planned each year by the Walnut Branch of the Children's Hospital of the East Bay to raise money to aid in caring for those patients brought to the hospital from Contra Costa County.

After the fashion show, including shops from Orinda, Lafayette, Concord, and Walnut Creek, tea will be served. Flower arrangements for the tea tables will be made by Mesdames Clark Anderson, Lewis Camp, Edward Counter, Henry Grady, William Hale, Charles Howard, Robert Mulvaney, Charles Morey, Wynn Newell and Richard Young.

Tickets are available through Mrs. Hamlin, Orinda 2309.

Ann Dahlgren to Wed David Penna

The coming marriage this spring of Ann Dahlgren and David Penna has been announced by the parents of the bride-elect, Mr. and Mrs. Laurence Dahlgren of Victoria Court, Lafayette. The groom-to-be is the son of Mr. and Mrs. John Penna of Orland, California.

The wedding is to be held on May thirtieth at Saint Clements Church in Berkeley.

FROM THE SIDELINES

—By Coach Erwin Mattson—

It's all over as far as basketball is concerned and believe it or not football is not too far away with the pros scheduled to hit training camps along in July.

Their early practice is set to get a jump on college for publicity and early crowds.

AND BASEBALL

The professional baseball players have already hit their camps and are using every device to get publicity. For some unknown reason holdouts are few and of little importance.

Good crowds and a resulting big income has probably meant bigger and better contracts all around.

Baseball has come to be almost a rich mans game with equipment at an all time high. Baseballs today are worth better than \$2 apiece for top grade and bats are around \$2.25.

PITCHERS BALK

One of the most disputed things in baseball is a balk on the part of a pitcher. In general, left handers with a good movement invariably balk.

The rule states that the pitcher must step in the direction of the throw and "false movements" are out. The dividing line is tough to judge and as a result umpires are not prone to call a balk unless it is a glaring violation.

Speaking of baseball we note where a bay area sports writer has passed out the rumor that Herman Wedemeyer is trying to become eligible for college baseball on the basis that he signed a pro contract with the Los An-

geles Dons but hasn't as yet received any money. WELL — WELL!

How about his Hawaiian trip? It's rumored that he received enough American dollars to pay an income tax. On top of that he has been out of school for some time so how about scholastic eligibility? The odds are that Herman has made his final appearance as far as the Gaels are concerned.

Brownie Troop 51 Has Easter Party

The Brownie Troop 51, second grade, had a wonderful Easter party and egg hunt on March 15. The hostess of the group was Carole Spotswood of Brown Avenue, and the party was at her home. The girls are under the leadership of Mrs. Edwin Maxey of Dewing Avenue, assisted by Mrs. George Pratt of Hidden Valley.

Those attending were Katherine Cutler, Joyce Allen, Carol Carlisle, Diana Oates, Carol Gardner, Donna Mae Pratt, Barbara Wright, Judy Bryant, Judith West, Mary Jean Hamblin, Marley Calderon, Lynn Crowder, Linda Albes, Susan Walker, Diane Fekete, and Carole Spotswood.

Chapel In Valley Is No. 2 Team In Contra Costa

The Chapel In The Valley gave the Alhambra Alumni a battle all the way before going down to a 50-44 loss in the final game of the Invitational Tournament for the county crown. The Chapel five won its first two games.

Big Ed Bill and Mike Cimino sparked in the guard positions as they hit 13 and 10 points respectively.

Three minutes to go found the score 43 all and the issue was in doubt up to the final seconds.

Pete Kramm at center was an outstanding player in tournament play and came within an ace of capturing top individual honors.

HOT

EVERY TIME

Ample hot water is a modern necessity. When you have to wait and wait for it to get hot, or can't get enough . . . it's time to face the facts of modern living, BEFORE you build, buy or remodel. The facts to remember are:

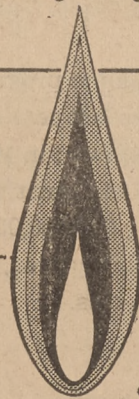

(1) Today's average family of 3 or

more uses more hot water than most 10 to 20-year old water heaters can adequately supply. (2) Today's average family needs a water heater of at least 30-gallon capacity to assure an abundant supply of hot water for everyone, every time!

Consult us or your Plumber-Dealer. Learn the lasting benefits of modern gas water heating through proper "sizing" to your family's needs.

Dr. Royden L. Woosley Was Member Of Prominent Bay Area Family

Dr. Royden L. Woosley, 70, who died here last week was a retired dentist and member of a prominent Bay Area family.

Dr. Woosley is survived by his wife, Mrs. Zoe Woosley, who was for years a teacher in Oakland public schools and is in the real estate business in Orinda. Dr. Elwood Woosley, a Navy lieutenant commander, is their son.

He is survived by his brother, Superior Court Judge Audubon J. Woosley of Alameda County. His other living brother is Chester Woosley of San Francisco. His two sisters are Mrs. Hervey Chapman and Mrs. E. N. Prouty, both of Oakland.

FUNERAL SERVICE

Funeral services were held last week at the Sunset Crematorium Chapel with Rev. Gordon Chapman officiating.

Dr. Woosley was a former president of the Berkeley Board of Education and a member of a pioneer local family. The Woosley family once owned much of the land between Oakland and the University of California campus. Woosley Street in Berkeley was named after the Woosley family.

Dr. Woosley was the son of James B. Woosley who came to Santa Clara in 1853 with his family from Western Reserve, Ohio. J. B. Woosley purchased an 85-acre tract from the Ashby brothers in 1858.

TRACK STAR

Born in the old family home, Dr. Woosley was educated in the Berkeley public school. He was an outstanding track star when he attended the University of California. He was judged the University's all-round athlete when

he graduated in 1901, and helped win the National Intercollegiate track meet for Cal at Harvard University as a member of a five-man squad.

He practised dentistry in Berkeley following his graduation and took a nactive part in civic affairs. He served as president of the Berkeley Board of Education from 1913 to 1921.

MARRIAGE IN 1904

He married Miss Zoe Larkin in 1904 who is the daughter of Judge and Mrs. E. O. Larkin of Visalia.

Can rain solve the power problem?

Up-to-date answers to questions about the shortage

- 1 Are rains enough?** No. Literally, too much water's gone out of too many reservoirs. Rains now cannot be expected to replace it.
- 2 Just how bad is the drought?** It's the worst water power year in our history. This season's rainfall is far below normal. The snowpack in the mountains is scant. What snow and rain we have had has been poorly distributed—not enough of it in the area where it's needed most. And...to make things worse...this dry season follows a dry one last year.
- 3 What's the drought got to do with electricity?** Water is power. Water shortage means power shortage. We have 14 steam-electric generating plants, but most of California's electricity is supplied by water. Today our 55 hydro-electric plants need water. Our 121 reservoirs are thirsty. Some are almost empty. The drought, too, creates unusual irrigation demands in orchards and farms. Pumping water takes still more electricity. That makes a bad problem worse.
- 4 Is the drought the only cause of the emergency?** No. Actually there are many causes and the drought intensifies them. The story, boiled down, is this: During the war years we couldn't obtain priorities to maintain our normal building program. As soon as war controls were removed in 1945 we started all over again placing orders for generators, boilers, transformers and other equipment. Complex generators aren't sold like used cars. They must be built to order, piece-by-piece. The few plants in our country equipped to make them were crippled by strikes and other obstacles. Their production suffered. Delivery dates were missed. To make a tough problem tougher, the demand for electric power has increased even faster than California's tremendous growth in population.
Just last January we received the first steam-electric generator ordered before the war and re-ordered in 1945.
Place all these things together. Add the drought and the greatest migration in history. That's the emergency.
- 5 Where does the situation stand today?** At best it is serious. We have been doing our best, and have been doing so right along, to get power from every source...and rush more steam-electric generators into service. But, as it stands today, no one can tell how long this critical situation will last...or how much worse it will get.
- 6 Will the new Shasta power help?** Of course. Every bit helps. But new Shasta power alone is only a fraction of the total needed. Our area demand is more than 2,000,000 kilowatts. Shasta is expected to supply, next month, about 75,000 additional kilowatts, and another 75,000 kilowatts later in the year. It will help but you can see it won't go far.
- 7 How about daylight saving time?** That means more help...equal to about 140,000 kilowatts. But it's still not a solution. The biggest saving, of course, is the 20% cut in use ordered by the California Public Utilities Commission.
- 8 What is our record of public service?** Let's take a quick look at the score: Except in wartime when we were refused priorities we have always built successfully ahead of demand. Our area enjoys the greatest farm electrification in the country. Our farms are 98% electrified...far ahead of other sections. Our rates are low. During the war we supplied power to a staggering number of industries. Not one was ever shut down for lack of power. Throughout California's greatest years of development electric power in good supply and at low rates has played a major part.
- 9 What are we doing to solve present problems?** Since the war we've been building just as fast as is humanly possible...in spite of delayed delivery dates, material shortages and the like.
Right now, we're in the midst of a huge program of building hydro and steam electric plants. In the last year of the war, 1945, we spent over \$22,500,000 on that program; in 1946, \$45,000,000 and in 1947 over \$100,000,000. Our 1948 construction expenditures are running at a rate exceeding \$10,000,000 per month.
We're going to provide just as much power, from as many sources, as we can...in spite of obstacles.

Here's how you can lend a helping hand

This problem is everybody's problem...agriculture, industry, labor, business and householders. You can add your help by remembering to turn off all lights you aren't actually using...in the hall, on the porch, in the bathroom, in the garage. You can keep down the use of electric heaters. You can make sure the refrigerator door is tightly closed. With just a little care you can help a lot to stretch precious power. Won't you lend your helping hand?

LEGAL NOTICE

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN that the Board of Trustees of Orinda Union School District, County of Contra Costa, State of California, calls for sealed proposals to be delivered to the Clerk of said Board at the Orinda schoolhouse, Orinda, California, on or before 5 o'clock P.M., March 23, 1948, at which time and place said bids will be opened for the furnishing of all labor, materials, equipment and services which are required for the moving and leveling of about four thousand three hundred eighty-four (4,384) cubic yards of earth at the new school site at Glorietta Avenue and Martha Road in said District. The earth to be excavated is to be moved a minimum of one hundred sixty (160) feet and a maximum of three hundred (300) feet to said site.

Bids shall be presented in accordance with plans and specifications for said work on file at the office of the Superintendent of said District, and must be signed by the bidder and accompanied by a cash deposit, cashier's check, or certified check payable to Orinda Union School District, to be retained by said District as agreed and liquidated damages should the party to whom the contract is awarded fail to enter into the contract after the award or to give the bond required for faithful performance of the contract or any bond required by law. The amount of said bid deposit shall be at least ten per cent (10%) of the total amount of the bid.

Bidders are notified that pursuant to Section 1773 of the Labor Code, the Board of Trustees has ascertained the general prevailing rate of per diem wages and the rates for legal holidays and overtime work in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, and that said rates are as follows:

SCALE CLASSIFICATION PER HOUR

Power grader, power planer, motor patrol or any type power blade	\$2.25
Tractors	2.10
Tractor (tandem)	2.40
Tractor-type shovel loader (scale not to apply when used as blade or bulldozer)	2.25

The per diem wage rate is the hourly rate hereinabove established multiplied by eight (8) hours. Overtime and holiday rates shall be at the rate of double time. Eight (8) hours shall constitute a day's work.

It shall be mandatory upon the contractors to whom the contract is awarded and upon any subcontractor under him to pay not less

FLEW TO L. A.

Mrs. Gertrude Clark of 51 La Cuesta traveled to Los Angeles and back by air for a week end in the southern city.

For good printing at sensible prices — Sun Publishing Co.

than said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

The Board reserves the right to reject any and all bids and to waive any irregularity in any bid received.

Dated: March 8, 1948.
BOARD OF TRUSTEES OF THE ORINDA UNION SCHOOL DISTRICT.

LEGAL NOTICE

NOTICE OF DEFAULT AND ELECTION TO SELL UNDER DEED OF TRUST

TO WHOM IT MAY CONCERN: WHEREAS, A. CHET YOUNG and DORIS A. YOUNG, his wife, on the 20th day of August, 1946, made, executed and delivered to RICHMOND MARTINEZ ABSTRACT & TITLE COMPANY, a California corporation, as trustee, their deed of trust covering certain real property therein described as security for the payment of their promissory note executed and delivered on the same day to R. E. FISHER and EDNA BANE FISHER, his wife, which said deed of trust was thereafter duly recorded in the office of the County Recorder of Contra Costa County, State of California, on the 4th day of October, 1946, in Volume 963, at page 79, Official Records of said Contra Costa County; and

WHEREAS, a breach of the obligation for which such transfer in trust is security has occurred, in that default has been made in the payment of principal and interest of said promissory note;

Notice is hereby given that the undersigned beneficiaries have elected to consider all of the interest and principal due in consequence of said default, in accordance with the terms of said promissory note and deed of trust, and have elected to sell or cause to be sold said real property described in said deed of trust to satisfy said obligation.

Dated this 21st day of February, 1948.

Tell of Daughters' Betrothal at Open House Recently

Mr. and Mrs. Carey Leslie Tittsworth announced the betrothal of their daughter, Virginia Beatrice, to Everett Horace Baker, at a recent open house at their home on Sanborn Road. Wedding details have not yet been formulated.

The bride-to-be was a member of the Delta Zeta at University of California where she graduated.

She is the sister of Carey Leslie Tittsworth Jr., George Farrell Tittsworth, and Mrs. Nicholas Daniloff Jr. (Jeannette Tittsworth).

The groom-to-be served as an Army captain. He is the son of Mr. and Mrs. Horace Alfred Baker of Oakridge, La. He attended Louisiana State University.

Orindans Crowd Into New Church For Palm Sunday

Half again as many Orindans as it can normally accommodate crowded into the Community Church last Sunday for the Palm Sunday Service which marked the first occupancy of the new building just completed on the hill in the Community Center.

Just 69 days after the start of rebuilding operations the former Navy band building was opened for use with only a few features still to be supplied. The memorial pipe organ will be completed during the next month, according to the builders, Felix Schoenstein and Sons of San Francisco. Folding doors are yet to be installed, and a newly purchased memorial dorsal hanging will be held until the organ is dedicated.

Among new furnishings in the church buildings are brass cross and candlesticks — an anonymous gift; altar and pulpit, aisle carpet, and choir chairs from the Friends Memorial Church of Berkeley. Installation of the hot water heating system has been completed by W. E. Joslin.

More than 30 persons, led by Clipper Club skippers Kirk and Elizabeth Miles, spent Saturday washing windows and preparing the building for the opening, climaxing more than two months of work in which a good deal of volunteer service has been given.

With the Sunday school meeting together for the first time in many months, the little white church was filled at 9:30 by pupils and teachers under the leadership of Dr. Everett Howe, and it is estimated that 350 persons came into the church for its open-house. First child to be baptized under the Community Church's own roof was Jean Reid, daughter of Mr. and Mrs. A. W. Reid.

Rotating Den Mothers Planned

The Orinda Cub Den 7 has instituted a new plan of rotating the den mothers of their group. Each den mother will be selected to supervise the group, with the aid of an assistant, for a proportionate turn of the year. The pairing is done to ease the share of the work and to assure leadership in case of illness.

A second part of the plan is to have the dens always meet in the same place, this is done to add stability and assure sufficient space for the activities. This rotation plan gives the dens the advantage of each mother's craft ability and knowledge.

Orinda Boy Scouts Receive Awards

The Boy Scouts held a Diablo District Court of Honor last Thursday at the Walnut Creek Grammar School with William E. Hassler as M. C.

Orinda Scouts from Troop 207 participating and receiving awards were as follows: Joe Conley became Second Class Scout; Lynn Nebeker became First Class Scout and received awards for personal health, public health, safety, firemanship, and home repairs; Jim Theosle was awarded Star; and Gordon Hooker received an award in forestry.

The program consisted of selections from the Acalanes High Band, exhibits of scout crafts, Scout Troops marching in with colors, Invocation by Rev. David Graham, introduction of Scoutmasters and officials, and presentation of various awards. Lynn Nebeker, committee chairman, took charge of the Star Scout Award.

GUEST OF EASTS

Mrs. Edward Armstrong traveled all the way from Oroville to be the guest of Mrs. Neal East at the Bob Hope show.

Local Artist Often Seen Sketching in Orinda

Frequently one can see sketching along Orinda roadsides the artist Betty Styles.

If one should look over her shoulder at the developing sketch and murmur, "how pretty!" Betty would frown thinking to say that is to condemn it, for to her fine pictures are beautiful or have a challenging thought to arouse. Betty Styles is from Berkeley where she studied under the famous artist Alex Nepote. She is now living with her son's family on Ardilla Road.

DINNER GUESTS

Mr. and Mrs. Ernie Spiegl were entertaining Mrs. Helen Douglas of the foreign affairs section of the Berkeley league of women voters and Judge and Mrs. Ray Peeters at dinner recently.

JOINS WOMEN'S CLUB

Mrs. George Neldam is the newest Orinda resident to join the Berkeley Women's city club.

FREE LANCE ART WORK

Bion Atkinson, who has been Art Director at J. Walter Thompson Advertising in San Francisco, is now opening his own studio to do free lance art work at an office on Sansome Street in San Francisco.

FRIEND VISITS FOR HOLIDAY

Marilyn Atkinson, daughter of Mr. and Mrs. Bion Atkinson of Los Dedos Road, is entertaining Sally Wolfe, a former Orinda resident, over the Easter Holidays. Sally Wolfe is now living in Burlingame. Marilyn is now in the seventh grade at the Orinda School.

FROM SCHOOL

Murray Grove from Corvallis, Oregon and Frances Groves from Chico State enjoyed their Easter college holidays with their parents Dr. and Mrs. Grove.

Here and There in Orinda

SEE OPERA

The Dean of Music at Chico State College brought Frances Groves and two other girls down to San Francisco recently to see the San Carlos Opera Company's performance of Carmen. The three girls are to be leads in their college's coming performance of Carmen on May 13 and 14. Frances is to sing the part of Micaela, the country girl.

VISITS COUSIN

Agnes Storer of New Brunswick, N. J., is visiting her cousin, Mrs. Paul Booth of Stanton Ave.

PURCHASE NEW HOME

The Anthony Tarlocks of Toyonal Road are very happy over their recent purchase of the E. W. Holmes place on Kelly Lane near Danville. In the caretaker's cottage they hope to install a couple to care for the twelve acres of walnuts and pines and a vegetable garden. They will take possession as soon as they have sold their Orinda home.

HOME FROM COLLEGE

Judy Gore from Pomona College is visiting her family, the Challis Gores on La Vuelta this week. She says she and her sister Janet, a graduate of the college and now employed by it, and a number of classmates are going to spend the week following Easter at Balboa where they have rented a cottage.

RECOVERING FROM OPERATION

Carmen Whyte of 15 Ardilla Road is in the Herrick Memorial Hospital recovering from a minor operation.

The law, as well as common sense, requires that drivers stop for school buses.

Orinda Barber Shop Quartet Wins Acclaim

The Orinda Barber Shop Quartet, known as "The Other Quartet," won acclaim at a meeting of the S.P.B.Q.S.A. (Society for the Preservation and Encouragement of Barber Shop Quartet Singing of America) sponsored by the San Francisco News.

The members of the quartet participating in the meeting were as follows: Clyde Bumgarner, the tenor; Mort Inglis Jr., the lead; Lyle Prescott, baritone and Bill Courtwright.

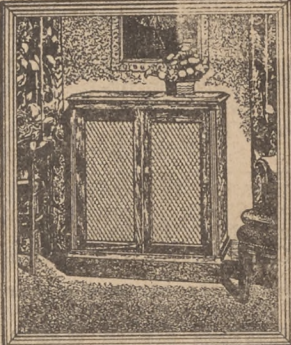

This organization is nation-wide and they hold national and district meets. The Orinda chapter meets every Wednesday night, not in a barber shop but in Rambeau's Hacienda.
